Dear Jeff:

This is to confirm our conversation regarding the cost to conduct a title search on properties within the Dead Creek Study Area which will need to be accessed during field investigations. As I advised you on the phone, we estimate the costs for the title search to be approximately \$3,200.00. This estimate is based upon estimated 45 senior hours, 8 clerical hours and approximately \$900 in travel and other direct costs.

Of course, this is an estimate and the IEPA would be billed on an actual time and materials basis. Please advise us as soon as possible if you would like E & E to carry out the title search for the Agency. A written work authorization is necessary for our records.

As we discussed over the phone, we will need to get access to these properties very soon.

Very truly yours,

Michael L. Miller, P.E.

Dear Mike:

This letter acts as formal authorization to proceed with the title search on properties in the Sauget-Dead Creek Study area. You have quoted IEPA a 3200 dollar estimate for work to be contracted. We are in receipt of your letter (2/18/86) detailing a general break down of estimated costs; and understand that IEPA will be billed on an actual time and materials basis.

Please proceed with this matter of work as soon as possible. Its important to get our information and next letters for consent of entry out of IEPA early in March. Also, notify our office when you begin this work so that we can amend your contract with the above amount on the date you proceed.

Sincerely,

A handwritten signature in dark ink, appearing to read "Jeff Larson", with a long horizontal line extending to the right.
